

Learning activity and assignment for Thursday 11.5

All that jazz choreography by Bob Fosse danced and video recorded from the different perspectives and different locations

Description activity and assignment in this link

<https://we.tl/t-VDyVvIMTR0>

Review the choreography All that Jazz of Bob Fosse

Here in the link Vimeo explained and performed by me without and with music

<https://vimeo.com/409851663>

password: BSCjazzfosse

Practice it by your self

Choose three different location of your home or dorm

Dance and film the entire choreography in each of these three locations and from different perspectives of the camera

Dont worry if you don't have the music available and if the movement look modified by the camera positions and the places where you are dancing but be faithful in the sequence and the dynamics of the original choreography

See my example in the link below
