HOMEWORK

Read “Use definite, specific, concrete language,” from Strunk & White. (That’s pages 37-39 in the book and pages 61-63 on Moodle). **Tweet** four times about the reading, including at least one reference to one of the articles you read for the Map/Legend assignment. Can you cite an example of definite, specific, concrete language?

Visit the StoryCorps website. **Listen** to at least two stories that interest you. **Tweet** links to both and explain why you chose them.

Read “After 20 years of decline, BSC struggles to find a way forward” by Kyle Whitmire. On the printed copy, make a few notes -- **highlight**, **underline**, or **circle** information that is new to you, along with any passages where the language is noteworthy (because of the writer’s word choice or sentence composition).
